

Of the Sol **curated by Of the Sol Collective**

on view August 13 - 31, 2024, reception August 17, Noon-3pm
Holland Project Gallery, 140 Vesta Street, Reno, NV 89502

We are a collective of Black and Brown artists from Reno, NV, mobilizing to cultivate an intersectional safe space for Black, Indigenous, and Artists of Color. As Black and Brown artists, we are committed to nurturing our autonomy outside the framework of traditional, predominately white-serving institutions. We use art as a medium for social justice, fostering representation and belonging as we demand accessibility, equity, and inclusivity.

Our namesake exhibition is an open-call gallery, inviting Black, Indigenous, and Artists of Color of all ages and mediums to showcase artwork that speaks to their roots, ancestral wisdom, and power. Of the Sol is an exhibition about reclamation, a practice in belonging and fostering a community that will include the work of 50 local artists.

Of the Sol is the first of many exhibitions, galleries, workshops, and events from our collective.

Welcome to Of the Sol!

Somos un colectivo de artistas de color de Reno, NV, que se moviliza para cultivar un espacio interseccional seguro para los artistas negros, indígenas y de color. Como artistas de color, nos comprometemos a cultivar nuestra autonomía fuera de las instituciones tradicionales, predominantemente blancas. Utilizamos el arte como medio para la justicia social, fomentando la representación y la pertenencia a la vez que exigimos accesibilidad, equidad e inclusión.

Nuestra exposición homónima es una galería de convocatoria abierta, que invita a artistas negros, indígenas y de color de todas las edades y medios a mostrar arte que hablen de sus raíces, su sabiduría ancestral y su poder. Of the Sol es una exposición sobre la recuperación, una práctica de pertenencia y el fomento de una comunidad que incluirá arte de 50 artistas locales.

Of the Sol es la primera de muchas exposiciones, galerías, talleres y eventos de nuestro colectivo.

¡Bienvenidos a Of the Sol!
